The highlight of our stay in Delhi was the visit to the night food market...we nibbled our way through the evening and just had the time of our lives...found many of our very favorite treats in this book. When we were absolutely stuffed, our guide said we'd next be going to dinner!!! We managed through a sizzling tandoori treat and then rolled back to our hotel. This little book lets us relive our wonderful Delhi adventure. 1 of 1 people found the following review helpful. Meetha lassi and bhel puri; paneer tikka and masalas, chutneys, and samosas. All visitors to India are greeted by an astonishing display of roadside snacks throughout the country: from the teeming lanes of Old Delhi to the hot, dusty streets in the remote countryside. It is painfully hard to resist the smells and sights and tastes of this roadside food, prepared in front of customers' eyes with the freshest ingredients and a good helping of panache and showmanship. The acclaimed photographer Sephi Bergerson has been tracking down the very best street food in the

country, which has been his home for the past seven years. This book is a celebration of this splendid everyday cuisine and a virtual feast in itself. With authentic and detailed recipes for the simplest and tastiest dishes in the repertoire, using ingredients easily found in the West, this serving will inspire and intoxicate in equal measure.
