Kate Venter, Eunice Borchers : Sugar Modelling (Sugar Inspirations) before purchasing it in order to gage whether or not it would be worth my time, and all praised Sugar Modelling (Sugar Inspirations):

0 of 0 people found the following review helpful. Covers certain steps wellBy Ne enthusiastGood book.. but it didnt really cover all the steps of making figures like I wanted. I needed more details in actually constructing the figurines. While this book is indeed very helpful.. I will continue looking.0 of 0 people found the following review helpful. I had to have this in my collectionBy DolceBacioUnreal what you can do with sugar..this book is a must to anyone is looking at what true sugar are it.4 of 4 people found the following review helpful. Woah!By Fondant fan"Leny"I have never seen something like this! It's amazing, does not looks real. The pastillage is so elaborate that you doubt you can make it or hold the pieces together. I guess this is a book for professional and people with a lot of skills and patiente, but the price is worthy! You have to see the horses, the victorian house and the people dressed in victorian customs ,all made from sugar.
