Love This!!By peacemommaI'm buying more to give as gifts, and I NEVER give a cookbook, and tend not to buy them now that so many recipes can be found on-line. This one is different though, the stories behind the recipes make you feel honored to own them and try them out. I've never laughed and cried at a cookbook until this one. Beyond the recipes the authors add tips and their experience modifying the recipe-very insightful, and written in a style that reminds me of my favorite female fiction authors. I want to sit and have a cup of coffee with these ladies, and the cookbook makes you feel as if you are.0 of 0 people found the following review helpful. Great Dessert Cookbook!By Joy H.This book is fabulous. First of all, it has an entire chapter on cake of every conceivable flavor; I think I could end my recommendation there and have said enough, but there's a lot to love in this book if you love sweets (who doesn't?) or love to entertain. I just love the concept of this cookbook:

it's chock full with stories, tips, gorgeous photos of the sweets, and even an area for notes. (So clever to include the note section--and not at the back but interspersed with recipes where you want room to make notes-- it seems there is always some little adjustment or crib that I use when I re-make recipes I love). The tone is fun and the recipes are easy to follow. I can't wait to work my way through all these recipes. It's a beautifully printed book which looks great on my kitchen shelf. Recommend for sure. 0 of 0 people found the following review helpful. Yummy! By blowe8I swore I would not buy another cookbook or cooking magazine. However, I succumbed to my addiction by buying this book. And I'm glad that I did. I loved the photos, especially the cover. I am still in a sugar coma from too many Halloween parties. As soon as that passes, I will begin baking again, using these recipes. And, while my guests rave about my scrumptious baked dessert, I can give them the background story of the recipe. This is true entertainment value. Also, what a great idea to have a section to write one's own notes. I am always tinkering with recipes so having this extra space is really handy. I also love reading the side bar tips from the Sugar Mommas. Well done!
