She likes the book and although I don't think she has actually made sushi at home, we have leafed through the book and gone out to eat sushi at a Chinese place on 6'th street in Vincennes, Indiana. 0 of 0 people found the following review helpful. Good Buy for the Price By Jessica LeBlanc This cookbook offers information in regards to terms that are necessary for understanding the 'World of Sushi' as I refer to it. It is informative worth the purchase. 0 of 0 people found the following review helpful. Five Stars By dana danagreat fast shipping, awesome item, better than described, would buy from again! Thanks, happy buyer.
