Have not had a chance to make anything from it yet but it looks really good. There are a lot of recipes in here and also some that are not sushi, such as Miso soup and dipping sauces to name a few. Very informative. It is not in color though which is the only thing i saw that caught be off a bit but its not that big of a deal at all to me. I am very happy with this product and would tell anyone to get it.0 of 0 people found the following review helpful. Five StarsBy JackieAbsolutely a great buy. At least for me.
