**May Clee Cadman : Sweet And Simple Party Cakes** before purchasing it in order to gage whether or not it would be worth my time, and all praised Sweet And Simple Party Cakes:

1 of 1 people found the following review helpful. The title says it all By MaedoJapinha This book is what it says it is: sweet and simple. The techniques are very simple to follow and will help any starter in decorating cakes to feel like a Cake Boss. The ideas are fresh and she repeats it in diferent projects, so you can match cakes and cupcakes nicely. I strongly recomend it for those who wants to achive nice cakes without having to buy hundred of tools or spend millions of hours trying to figure out how to finish a beautiful cake. 4 of 4 people found the following review helpful. Great Book By Melissa Linton I love this book. I worked in a bakery while in graduate school and picked up a few things. Have started doing cakes from home and this is the first cake book I have bought. It is easy to understand while I am not quite new at cake making, making cakes by yourself at home is different than in a bakery, but with this book

it seemed less intimidating. The pictures are clear and the instructions and variations are also wonderful. I already made a cake from the book and it was a big hit at a party for a group of 14 year old girls!! Would buy other books from this author! 3 of 3 people found the following review helpful. Very sweet and simple just like the title! By ABCakes I'd recommend this book for beginners or intermediate cake decorators. It also has cupcakes and mini cakes ideas, and very clear instructions, easy to follow. I love all the projects in this book, and get inspired every time I read through it, which is very often. I have yet to try the recipes, but would like to try the carrot cake. I also bought the other book from this author, and would recommend it to every one starting out.

"Create over 40 simple yet incredibly stylish cakes for every occasion, from weddings and anniversaries, to birthdays, christenings and Christmas. Discover a variety of irresistible cake designs in all colors, shapes and sizes. Includes a wide selection of sweet cupcakes and gorgeous minicakes to make when time is short. Explore a wide variety of quick and easy sugarcrafting techniques. Beginner and intermediate sugarcrafters will complete the projects with ease, while discovering professional sugarcrafting tricks. Easy-to-follow step-by-step instructions, simple recipes, and beautiful photography ensure mouthwatering results. Clever packaging ideas are also included to make your cakes look even more desirable."

About the Author Maisie Fantaisie was founded in 2003 to create unique wedding cakes and celebration cakes by May Clee-Cadman. May studied Art and Design history, graduating with an honours degree in 2000 and went on to train with one of London's most prestigious wedding cake designers before opening her bakery.
