The only complaint I have is that I'm a visual person and even though the instructions are easy to follow, I would have liked more pictures of the process. But all in all it is a great book!4 of 4 people found the following review helpful. Awesome book!By ruben mayaWhat an outstanding book, has great super easy recipes! What I love the most is how easy it is to follow and your kids can help. A lot of the recipes she even posts videos on her YouTube channel, otherwise the book is great for any beginner baker!2 of 2 people found the following review helpful.
