This Sweet Sunshine cookbook is a great way to make new memories for your family and help a great cause at the same time! How can you go wrong with chocolate frog macaroons, magnificent marble fudge, and dreamsickle cake? All the recipes are family specialities so you know they taste great.I enjoyed the recipes, the old timey pictures and remembrances of cooking when the contributors were children, and also the lovely short stories at the end of the book. childhood memories of baking by the authors. It's so nice to know such bonds were formed in their families through baking together. I am really looking forward to trying all these yummy recipes out! And the proceeds go to a wonderful cause. It would make a wonderful gift to share. 1 of 1 people found the following review helpful. Great book
