Tim Richardson : Sweets: A History of Candy before purchasing it in order to gage whether or not it would be worth my time, and all praised Sweets: A History of Candy:

0 of 0 people found the following review helpful. Fascinating book but the Kindle version is riddled with typosBy K from SeattleThis book is a fascinating history of "sweets" (or candy, as we would say in the U.S.). Written in a lively and entertaining style, it provides interesting facts about both the human love of sweets and specifics about particular types of candy. (It made me wish I had a bowl of candy at my side as I was reading it.) I would have given it five stars, but the Kindle version is riddled with annoying typos (e.g., swreets instead of sweets, Jake instead of fake, 1 instead of I, etc.). Still worth the read though!0 of 0 people found the following review helpful. Five StarsBy Susan WuGreat-thanks!0 of 0 people found the following review helpful. Lots of history and sweet comments about growing up with candy and the love ...By chef loloVery well written book about the world of candy. Lots of history and sweet comments about growing up with candy and the love of it.I use this book to teach my candy class.

Tim Richardson, the first international confectionery historian, takes you on a sweet tour of the history of all things sweet.
