T. Rai : Tandoor: the Great Indian Barbeque before purchasing it in order to gauge whether or not it would be worth my time, and all praised Tandoor: the Great Indian Barbeque:

0 of 0 people found the following review helpful. I agree, a masterpiece. Nostalgic. By Guillermo Olaiz Silva This book

is not just rich in recipes, its rich in history and cultural information and keeps you totally imersed and intriged. My self study in the grilling and barbecue arts took me to India, and this is the best book on the subject. I am sand that the author no longer lives, but you can consider this a legacy to all of us far away. I allways say that recipies are just the vehicle for learning how to cook, after mastering the flavors and techniques in this book, you may consider yourself an authority in the arts of the flame.1 of 1 people found the following review helpful. A masterpiece.. If you are serious about Tandoori ...By Florida JoeA masterpiece .. If you are serious about Tandoori cooking ... just get this book!
