It arrived in great shape! 0 of 0 people found the following review helpful. cookie book By Cookie MI ordered two of these books, one for my boss and one for myself. We had both been looking at another ladies copy for a couple weeks and each time we noticed something else yummy. Finally my boss looked it up to see if it could still be purchased and sure enough still available. We are both happy with this item and they arrived very quickly and in great condition. My mother and myself have tried a few cookies and candies out of this book, they turned out so yummy. Every year we each try something new. I actually need to get a new one cause ours is a little beat up.
