One of my favorite recipe books!By melodie Vander ZouwenThis book has so many delicious recipes....Birthday Cakes, Coffee Cakes, Bundt Cakes, Desserts, Breads....Even some with ice cream filling! I haven't even made it through all of the recipes yet (there are so many I would be eating far too much cake if I had :) but I can't wait to try every single one. Using cake mix as a starter shortens the preparation time and ensures all of the recipes turn out so moist! (Who wants dry coffee cake? :p) And the results don't taste like they came straight out of a box. Some favorites so far: Hawaiian Sunset Cake, Cinnamon Apple Coffee Cake Jiffy Cinnamon Rolls. Delicious!8 of 8 people found the following review helpful. Wonderful book filled with wonderful recipes.By LMTGet this book. Seriously. It is filled with quick and easy cake recipes (they begin with a cake mix). Each recipe is a dessert table star. This is the kind of publication that one might expect from Taste of Home, quality photos of every single recipe.I cook for crowds each week and I need desserts that look fussy but really aren't. This book helps meet that need. I get lots of rave reviews and multiple requests for the recipe each time I make a cake from it. Fun book. Great value.0 of 0 people found the following review helpful. A must have for a full pantryBy Seaside GalChecked this out from the library, and hubby said I MUST buy this book! It's great for those left over cake mixes that you buy on sale, then forget you have and wonder what you are going to do once they near expiration. Many

cleaver recipes for cookies, bars and such to make things other than cake. Arrived in great condition and earlier than promised. Would order again from this vendor.
