Haven't tried the recipes yet, but they look simple to do and look like they would be delicious.4 of 4 people found the following review helpful. Recipes featuring Maker's Mark bourbon.

From the PublisherMaker's Mark bourbon and simply elegant recipes...what a perfect combination. Sandra was born a few miles from the quaint and unique Maker's Mark Distillery (featured in the photographs of this book), and has been collecting and refining Maker's Mark-only recipes for more than 20 years. Cooking with bourbon adds excitement to your dishes. It imparts a woody, nutty taste, and it's an easy way to turn a ho-hum recipe into something special that your guests will enjoy. Or, if you like the recipe but prefer to have it without bourbon, just add water, milk or fruit juice as a substitute.About the AuthorSandra Davis was born in the Bourbon Country Belt. Her interest in cooking is

inherited from generations of Kentucky-born women who specialized in Southern hospitality.
