A wonderful book on filo.By VioletThis is much more than just about Greek dishes using filo. It had recipes from around the world. This book includes history, commercial filo making and homemade filo. There are numerous illustrations on different ways of folding or rolling the sheets and plenty of recipes to apply them. If you enjoy working with filo and eating, you'll love this book.

Explains how to store, freeze, and work with filo pastry sheets, and suggests international-style recipes for appetizers, vegetable dishes, meat dishes, and desserts
