I bought my copy at the U.S. Army Post Exchange in Seoul, so I was able to check the recipes with my Korean host family. It's a wonderful, simply-written book that gives an accurate means of preparing some of the most delicious food in the world. As it was written for Americans not yet used to using garlic and hot spices in any but the tiniest quantities, it's a good idea to increase those amounts suggested in these recipes. Otherwise, I still use it in preference to another book I bought years later, written by a professional cookbook writer, which although not bad at all, not quite as good. This is the real thing!
