Missed it greatly, even though I'd stored a couple of the recipes, online. Just a great little book, some interesting recipes I'd never seen in any of my OTHER books (certifiable 'bookaholic'), just very enjoyable to both read, and work from. 0 of 0 people found the following review helpful. Something from my past. By [Just JoI](#) bought this book to replace one that was ruined by water. The condition was good and glad I was able to find it online. 0 of 0 people found the following review helpful. Excelent book By [Sukita](#) Book is in good condition, as described. The recipes remind me of the ones my mom used to make when we were little. Thanks!
