Marilyn Bagel : The Bagel Bible: For Bagel Lovers the Complete Guide to Great Noshing before purchasing it in order to gage whether or not it would be worth my time, and all praised The Bagel Bible: For Bagel Lovers the Complete Guide to Great Noshing:

0 of 0 people found the following review helpful. Not a recipe bookBy Nancy Yonckoverly disappointed. I don't care what stars eat what bagels with whatever. I was expecting recipes and didn't receive any13 of 14 people found the following review helpful. Don't waste your money.By RyeCatThis book is more about bagels, than actually about MAKING bagels. I would recommend Joan Nathan's "Jewish Cooking In America" for a book that has a better recipe for bagels as well as SO much more to offer (heck, even if you are only looking for the bagel recipe her book is still a better way to spend your money).3 of 3 people found the following review helpful. The second edition is great.....By Patricia R. AndersenThis review is about the _second_ edition of the book, which apparently is totally different than the first edition.I thought this was a great book for the history as well as the recipes. The first part of the book is various celebrities saying what kind of bagels they like - interesting, but not compelling.Then there are about 15 pages of bagel recipes - yes,_bagel_ recipes such as a basic one, blueberry (of course) and a Valentine's Day bagel, among other recipes. There's info on why a bagel is better than a doughnut for you (but you knew that already, didn't you?). The rest of the book is recipes for bagel toppings and things such as bagel stuffing.I wonder if I read the same book (again, I'm talking about the second edition) simply because there are recipes to make bagels and there's about 13

pages of vegetarian spreads, despite what another reviewer stated. There's stir fried bagels, garlic bagels, butterscotch bagels as well as my kids' favorite, pizza bagels. The spreads are amazing - the strawberry cheese bagel is much better than the soft spread Philadelphia Brand sells. The bagel cheese pastries are terrific. I recommend this book highly as it expands your horizons in regards to what you put on a bagel. I was always a cinnamon raisin with plain cream cheese kind of person, but that mushroom spread on an garlic bagel is heavenly. Buy the book and enjoy bagels.

You won't find a more enthusiastic celebration of bagel noshing than this fun, informative cookbook and reference guide to the world of bagels.

From the Back Cover You won't find a more enthusiastic celebration of bagel noshing than this fun, informative cookbook and reference guide to the world of bagels. Marilyn Bagel, (yes, Bagel) was destined to write this book celebrating the joys of bagelicious breakfasts, lunches, dinners, desserts, and munchies. This third edition has innovative, enjoyable, and useful recipes including ideas for vegetarian, dessert, and low-fat bagels. It also has a brand new chapter called 'Bagels 'Round the World.' Become a bagel believer. If you're not one already, this book will convert you!
