recently turned 21, I'm actually thinking of keeping this book for myself. It has a ton of recipes in it that are easy to follow and understand, most accompanied by clear, brightly colored pictures. I like that it not only includes recipes but gives you a history of the different types of alcohol and even had a small section on bartending techniques that covers everything from what the different tools and glasses are and how/when to use them, to garnishing and how to prepare garnish for a drink. The back of the book says it retails for \$14.99 and after receiving it I think I would have paid that for it. 0 of 0 people found the following review helpful. Chosen over many others and it did not disappoint. Covers not only the myriad types of spirits ... By Denise Rifenberg I had high expectations of this book, chosen over many others and it did not disappoint. Covers not only the myriad types of spirits and liquors out there but also their histories, which I found very interesting. Then came what foods go well with each and suggestions as to the top brands. Next the dooifernt drinks made with each and finally the recipes. Included also are sections on barware essentials, size and shape of glasses for each type and mixers. Very informative answering all the whys I had and more. May seem like a lot but reads easily. Highly recommended. 1 of 1 people found the following review helpful. Great, Informative Drink Mixing Book. By Cherelynn H. This book has just about every mixed drink you can think of. It also goes in to the history behind the liquors and wines too. Great value for the price.

The ultimate home bartender's manual - how to create delicious drinks using spirits, liqueurs, wine, beer and mixers, with a guide to equipment, measures, glasses, and presentation.

About the Author Stuart Walton has been writing about alcoholic drinks since the early 1990s. A prolific writer and commentator on wines and spirits, he is wine writer on the Sussex Argus, Bella magazine, and the website [www.wine-pages.com](http://www.wine-pages.com). He is also the author of *The World Encyclopedia of Wine, You Heard It Through The Grapevine; Out Of It: A Cultural History of Intoxication*; and co-author of *The Ultimate Encyclopedia of Wines, Beers, Spirits and Liqueurs* and *The Right Wine with the Right Food*.
