**Paul E Barbano : The Bartenders Beer Cookbook** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Bartenders Beer Cookbook:

One of the best cookbooks everBy dackermanThis cookbook has a lot of great recipes that are somewhat unique, that are easy to understand and to make with familiar ingredients. The beer in the recipes, from the appetizers to the desserts is just that extra depth they need to make them special and unique. I cooked an entire buffet where every dish contained beer and it was the best menu ever.0 of 0 people found the following review helpful.
