Michael Jackson : The Beer Companion before purchasing it in order to gage whether or not it would be worth my time, and all praised The Beer Companion:

0 of 0 people found the following review helpful. essentialBy Emontgomery0227Essential product for the avid beer drinker. It's a little dated, first printing was in the 70s but the information is largely still valid.

This comprehensive beer companion focuses on the world's classic beer styles. It also explores beer's tradition and production, and beer and food, including recipes and ideas for menu planning. A glossary of beer terms and a gazetteer detailing where the great beers may be enjoyed are included.
