I think the author simply poured beer in some recipes just so he could say beer was in it. Some of the recipes sound disgusting, but there are a few promising ones.A majority of the drink recipes in the back sound absolutely repulsive! And there are more drink recipes than food recipes in this book; it should probably be renamed "Beer Lover's Cocktail Book".0 of 0 people found the following review helpful. SchultzI was pretty pissed finding out that you have to guess for a good beer to put in these recipes. I was not very happy after getting this book. Also no pictures!
