Nice little bookBy avid_readerThis book has an awesome recipe for chocolate ice cream. Better than any other I've ever made or tasted. And it's easy, no ice cream making machine required. There's also a Rocky Road Mousse Pie that is wonderful. It's not a big book and there are no fancy pictures, but it's a nice little book. I bought my copy years ago and have since bought many bigger, fancier cookbooks that have found their way to Half Price Books. This one is a keeper. I don't think I'll ever make everything in it. But then no one makes everything in every cookbook. It does have some really rich, fancy recipes in it though. Great when you're looking for something really special but not too difficult.

Most favourite desserts include chocolate. Whether you prefer dark chocolate, milk chocolate, or white chocolate, there's something for everyone. Learn to make amazing chocolate fudge brownies that will astonish your guests; cakes and pies that everyone will enjoy at holiday parties; toppings and sauces that will make your favourite ice-cream sundae complete; and last but not least, learn to make the fancy truffles and mouth watering toffee that you can only find in a candy store. Perfect for the chocolate lover in your family!
