The recipes are so easy some including the longest list of only six ingredients, many consisting of no eggs at all. A truly amazing little book with delicious cookie recipes. If you think you can add or subtract something without having to change the entire recipe, you'd be wrong. This book shows you how to avoid that. Enjoy! 3 of 3 people found the following review helpful. not as good as I thought it would be By nallred This book was a bit of a disappointment. I thought it might be more authentic to shortbread in Great Britain. 4 of 5 people found the following review helpful. Just a pamphlet, not a book. By the hat lady I would not consider this a book. It is a pamphlet 4 " x 6" . The book has no pictures. It is just a quick reference book with basic recipes. The seller was awesome. I received the book in good time and good condition. However, i can not recommend this book. You can find better recipes on the internet or pinterest.
