5 of 5 people found the following review helpful. This is the best cookie book everBy KoreGoddessThis is the best cookie book ever. Every recipe I have tried has turned out perfectly. I have had other books that I can't get any to turn out and some that are great cookies but are hard to make, but this book has great cookies that always turn out and are simple to make. I totally recommend this book !!!!!2 of 2 people found the following review helpful. The Best of Country CookiesBy MimiI have tried the recipes with the stars and they are very good and I am still sampling some others. The book was in very good condition, like new. I knew that the winner recipe was not there, but I think that the winner not necessary was the best because the best cookie (like the wine) is the one that you like! So, that don't bother me, I am happy with the ones that I have and for the price of the book! Come on!4 of 4 people found the following

review helpful. cookie cook book taste of homeBy nanaThis cook book has plenty of very delicious cookies in it. The concept behind this cookbook was a contest with the winning recipe featured on the cover. There are plenty of great recipes in this book and I have already created 4 of them. The one thing that I did not realize until after I bought the cookbook was that the winning recipe (which is the picture on the front cover) is not listed in the cookbook. The reason the recipe is not listed is to allow the creator the opportunity to gain exposure and profit from thier creation which is only right but this should be listed in the description/advertisement. All in all, it is well worth the money spent.
