I am not a cook...but having these cards really inspired me because Betty Crocker made it all so enticingly EASY!! All I had to do was to go through the cards, pick about twenty that I was interested in making, show them to my boyfriend, he'd pick out seven dinners for the week, I went shopping, and each day I was excited to try another easy-to-follow, picture-on-the-card great recipe...and they always came out great; just like the picture. I was happy, my man was happy, and the card went neatly back in its box, ready for the next time. I am so happy to have thought of looking for these recipe cards on ...I should have known to look on , as everything else I've looked for, I have found on . I can't wait to order Betty Crocker's Recipe Cards and to start looking forward to cooking again!!!

There are 24 sets of cards and each set contains a title card, an intro card, and 27 recipe cards.The recipe cards include a picture of the dish on front and a detailed preparation card/recipe on the back. 648 great recipes from the Betty Crocker Kitchen. All cards fit neatly into hard plastic hinged case.
