The variety of muffin recipes sound really good, well more like delicious. I'm planning to try several of her recipes, including the beet muffin. I have been wondering how to use up a quart jar of beets. Now to see if I can get it by my son in muffins! The book is laid out well with each recipe having it's own page

or pages. The editing is excellent. I always enjoy photos of the food and this book includes good quality and appetizing photos. This cookbook is well deserving of 5 Stars. 2 of 2 people found the following review helpful. Great find! By Janelle Tons of muffins I never thought to make!! About the Author Gia Scott was born, just like everyone else, but she also was born to a family that included politicians, used car dealers, and horse traders. Along with that illustrious lineage, she was related to vaudeville performers, horse trainers, cowboys, entrepreneurs, teachers, and preachers. With such diversity in her family, it was a natural evolution to have just as much diversity on the family's culinary front. As a result of that, this is the fifteenth cookbook that Gia Scott has published. Other titles include: All Chocolate Dash; Easy Economical Recipes Anyone Can Make At Home, 55 Fantastic Fudges, The All American Biscuit, 56+ Marvelous Homemade Mixes, 55 Frightfully Fun Foods, A Home Style Thanksgiving. At Grandma's Stove, The Poverty Perspective Cookbook: Recipes for Rock Bottom Budgets, My Precious Cookbook, Fruitcake!, Sweet Treats: Easy Home Candies, No Naked Nachos, Dips and Spreads, A B C Muffins. She has also written camping titles, as well as a fictional novel. Today, Gia Scott lives in Mississippi, although she has lived in several other states over the years. There, she lives with three dogs, two cats, and her husband in a funny little old house surrounded by gnarly old live oak trees in Laurel, a small town in the Pine Belt portion of the state.
