Wish it had pictures for all the cupcakes/muffinsBy twin momSome good and easy recipes. I just wish it had pictures for all the recipes. Sometimes I just get mixes from the store and look in the book on how to add some extra kick to the mix. Great ideas in the book. Also, there are a lot of helpful tips. These are ALWAYS a big hit in my office and if you don't have a babycakes maker-- get one right now! It is so easy to make and clean up! I only wish it used standard mini cupcake liners.0 of 0 people found the following review helpful. Worth the purchaseBy Mary ReyI have made three or four recipes so far...not disappointed. All-new flavors and ideas for the revolutionary bite-size delights that have taken the marketplace by storm.
