Great information in the beginning of the book. Ms. Wilson tries to cover a lot of ground, answers many questions and wants to share her knowledge which is great. She even goes into freezing which is nice. I may not make a cake ahead and intentionally freeze it but I have made extra of the components "just in case" as I have been known to be clumsy. It is nice to have guide lines on how to save them. Really like the selection of cake and frosting/filling recipes. My issue is lack of pictures and decorating ideas. In her past books, each cake has a picture and each cake is different in its decorating style. Along with great cakes, you were inspired creatively which doesn't really happen here. So I guess if you are looking for some good recipes (all of her recipes I have tried in this and past books have been outstanding) this is the book for you. If you are looking for new ideas on how to visually present a birthday cake to make it "more" look elsewhere. 0 of 0 people found the following review helpful. Disappointing-- Would Rate as "A Yawn" By Happy Pony DriverI noticed one other reviewer sent their book back and that's tempting for me as well. The decorating ideas are very uninspired and there is nothing out of the ordinary with the recipes either. The cake on the cover is about as exciting as it gets. A free Google search would yield a lot more exciting results. Let's just say if I had leafed through it in the bookstore, it would never have made it to the check out counter. 0

Dede Wilson does it againBy Debbie in SeattleI used Dede Wilson's The Wedding Cake Book for my oldest daughter's wedding, and the cake turned out so well that I thought I would buy her birthday cake book. I was not disappointed. The recipes are easy to follow, and DELICIOUS!. Her decorating ideas range from super-simple, to schemes that are a bit beyond me as a home baker. I definitely recommend this book to anyone who wants a reference book for yummy celebration cakes.

Dede Wilson's latest book has something for everyone special in your life. Her delicious recipes and meticulous instructions will entice even the novice baker. This is the perfect book to help create a memorable birthday treat, whether the recipient is turning one or 101. --Elisa Strauss, author of The Confetti Cakes Cookbook and Confetti Cakes for KidsSince I was five I can remember loving cake that's when I learned that you shouldn't be so quick to jump in line for a slice, because after the first, they only get bigger! Dede Wilson's wonderful recipes and beautiful book sure take me back to those days of eating delicious cakes. --Willard Scott, host of Willard Scott Birthdays on The Today ShowAbout the AuthorDede Wilson is the author of A Baker's Field Guide series, Christmas Cooking for Dummies, Appetizers for Dummies, and The Wedding Cake Book.
