NicholsI happened to pick up this little gem at a used book store a few years back. Since then I've made three or four of the cakes in here ... every one has been a big hit! The recipes are pretty straight-forward and easy to follow, if fairly involved and/or lengthy and the illustrations are charming. Best of all, the results have been met with rave reviews for taste and presentation.

Offers twenty birthday cake recipes, from French chocolate with chocolate truffle frosting, to tipsy Kentucky bourbon pecan with peach sauce.
