**Louise Steele : The Book of Sandwiches** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Book of Sandwiches:

1 of 1 people found the following review helpful. Great photos and creative ideasBy CBI LOVE the inspiration for small sandwiches / canapes in this book, as well as the tasty meal-sized ones. About 100 creative combinations, each on its own page and beautifully photographed. If you're ever in charge of a celebratory "Tea" event, or willing to work a bit to make great-looking appetizers this book is fabulous. My favorite meal-sized sandwich, so far, is an open-faced breakfast sandwich: toasted raisin bread, topped with cottage cheese (or cream cheese), grated apples, some granola with chopped nuts, and a drizzle of honey sliced strawberries (and oranges, if you have them). 23 of 100 people found the following review helpful. Sandwich Smandwich---Three reasons not to read this book. By Adam Reason #1. There are no sandwiches in the book that you can eat. Reason #2. Not enough sandwich humor...i.e. sandwich/pastrami jokes. Reason #3. Phil Sanborn is a tool.

Whether filling a lunchbox, packing a picnic, planning a party or just looking for something quick and delicious to eat, every sandwich maker will find something tempting in the 100 recipes featured here.
