Karen Saunders : The Breadmaker Bible before purchasing it in order to gage whether or not it would be worth my time, and all praised The Breadmaker Bible:

Not As Good As I Was Hoping.By Kay AI just bought a bread machine and wanted some cook books so I could experiment with different recipes, I'm very disappointed with this book, it doesn't even say what size loaf the recipe makes. Plus some of the recipes call for a flour I'm never even seen in the store or heard of before. So this was a waste of money for me.

Yoursquore looking for something more to make with that breadmaker in the kitchen. From crostini to croutons, sourdough to stollen, The Breadmaker Bible rises to the occasion with inspirational ideas, fantastic techniques and innovative recipes.
