Was very pleasantly surprised to find a family yam casserole recipe that I have never seen anywhere else! Some are simple recipes, some are complex, some are things I would eat, others aren't, but then I could figure that out from reading the series :-) Bonus, there is a little into to each recipe with quotes from the book it comes from to refresh your memory of the book and why this recipe was included, I really liked that.0 of 0 people found the following review helpful. Can barely wait to use it!By R. V. OlivierNot ALL the recipes are in here. For example, Celia's Kabibbles are in here, but not Mildred's cereal or Brodie's Haggis. I haven't tried any of them yet, but plan to. It is a nice fat book on easy to open and lay open pages. Easy to mark up when you're using it. I can barely wait to try out Iris Cobb's meatloaf recipe!0 of 0 people found the following review helpful. A Simple, Everyday Cookbook for AnyoneBy CrowleyLove this book! The only change I would like to see is a new front cover. It would have nice to have had any of the illustrations inside on the front.Recipes: Great! Easy without the requirements of enormous amounts of equipment and ingredients which would be hard to find or one will never use

again. This is a simple, everyday cookbook for anyone.

Inspired by the marvelous meals in the Cat Who novels, these 200+ recipes will make fans feel like they're visiting the best restaurants and attending the most delightful dinner parties in Moose County.

"Fun for the Epicurean gourmet whose distinctive taste devours Lilian Jackson Braun's popular series." About the Author Julie Murphy and Sally Abney Stempinski, a mother-and-daughter cooking team whose recipes have been featured in the Atlanta Journal Constitution, are both college professors and longtime Cat Who fans.
